

DENEEN HAS  
ISSUED CALL

SPECIAL SESSION OF THE LEGISLATURE TO CONVEY TO DAY.

Main Purpose Is to Provide for Presidential Primary—Big Political Fight Likely to Develop—Thirteen Topics May Be Considered—Governor Makes Statement.

Governor Deneen's Message.

To the members of the General Assembly:

Deeming that an emergency exists requiring the convening of the general assembly in extraordinary session, as governor of the state of Illinois, I hereby call an extraordinary session of the general assembly to convene on Tuesday, March 26, 1912, at 5 o'clock in the afternoon to consider the following matters:

- 1.—To amend the primary election law.
- 2.—To amend the election law.
- 3.—To make appropriation for the repair of the state capitol building.
- 4.—To make appropriation for repair of the buildings at the state fair grounds.
- 5.—To amend the state insurance law.
- 6.—To propose an amendment to article 14, section 2, of the constitution permitting the adoption of more than one amendment to the constitution at the same time.
- 7.—To amend the existing law so as to confer greater powers upon the boards of park commissioners, particularly to authorize such boards to condemn riparian and littoral rights as well as lands and property, and otherwise acquire the same.
- 8.—To make appropriation for the maintenance of the state grain inspection department.
- 9.—To make appropriation for the maintenance of department of factory inspection.
- 10.—To amend clause 50, section 1, of the act providing for the general expenses of the state government by providing additional appropriation thereunder.
- 11.—To make appropriation for the medical department of the University of Illinois.
- 12.—To make appropriation for the maintenance of the soil survey and other agricultural departments and purposes.
- 13.—To make an appropriation for the payment of the expenses of this extraordinary session of the general assembly.

Springfield, Ill., March 25.—Following a statement made Sunday night to the effect a special session of the state legislature would be called to meet at 5 o'clock Tuesday afternoon, March 26, Governor Deneen, this morning, gave out the official call at Chicago. Charles M. Tinney, the governor's secretary, was notified at the state house in this city that the call should be issued and telegrams were sent to each member of both houses to be present when the gavel falls tomorrow afternoon. Governor Deneen spent Sunday in Springfield and while here he prepared the call, which embraces twelve subjects in addition to the preferential primary. The session is expected to be brief, the friends of that a bill can be passed in three days' time. On the other hand there are many in this city who predict that no bill at all be passed before the primary election April 19. They point to the fact that there are certain to be introduced a number of bills, along the same general lines, but differing enough to create a divergence of opinion.

Those who see breakers ahead also point to Speaker Adkins as a possible rock upon which the preferential primary bill may be wrecked.

Speaker Adkins comes from the same district in which Congressman William B. McKinley resides. Mr. McKinley is President Taft's campaign manager.

Speaker Adkins is also said to be for Taft and for the event the Taft forces look upon a popular vote in this state being initial to the interests of the president. It would be an easy matter for the speaker of the house to prevent a bill being passed, at least not until after the April primary.

Few members of either house are expected to be on hand tomorrow afternoon. Bills will be introduced in both houses and it is likely that some measure will be passed by Thursday. Many of the members of the house and senate are candidates in the primary and they can ill afford to lose time they will have to spend in attendance at the special session. On the other hand if the members do not attend, some enemy of the measure will likely raise the question of "no quorum" and thereby delay action.

Rumors May Develop.

Chicago, March 25.—Men close to the state political situation declared to night that the special session of the legislature called for tomorrow

WILL ADHERE  
TO THEIR DEMANDS

MINERS STILL ASK FOR 10 PER CENT INCREASE.

Officials Determine That Compromise Suggestions Must Come From Operators—No Action on Anthracite Situation Pending Bituminous Situation.

Cleveland, Ohio, March 25.—Consideration by union officials of a possible compromise in the wage demands of the miners in the bituminous coal fields of Western Pennsylvania, Ohio, Indiana and Illinois today resulted in a decision that when the conference with the operators is resumed tomorrow the miners will adhere to their original demands, asking for a 10 per cent increase and shorter hours.

John P. White, president of the United Mine Workers of America, after an all day conference with the union executive board decided that if any compromise in the miners' demands is to be proposed as a means of averting a strike on April 1, it must come from the operators. Already the operators are on record as being willing to grant nothing more than an extension of the present wage agreement and it is said this will be their position when they confer tomorrow.

District presidents of the union had discussed with Mr. White the proposal that the miners drop all their demands except that for increased wages and that they ask for five per cent increase, instead of ten. Some of the officials were said to have offered the proposal rather than cause the men to suspend work. The members of the union's policy committee met today, but deferred action on the anthracite situation pending the outcome of the bituminous conference.

They announced that all negotiations between the operators and miners in the anthracite fields having been broken off, their recommendation will be that operations must cease at midnight March 31 and the question of a strike will be submitted to a referendum vote of the union. The miners in the anthracite fields number about 175,000, while those in all the union bituminous mines, which would be involved in case no agreement is reached, number 350,000.

## ARKANSAS ROOSEVELT WORKERS.

Little Rock, Ark., March 25.—Roosevelt supporters among the Republicans of Arkansas met in conference here today to form a State Roosevelt league. The organization will work to have the primary system adopted in Arkansas for the selection of the delegates to the Chicago convention. It is feared that under the convention plan the Roosevelt element would have small chance of electing the delegates, as the state Republican organization is in control of the Taft men.

CHRISTIAN SCIENCE TEST CASE.

New York, March 25.—The case of Willis Vernon Cole, the Christian Science healer, who is charged with alleged violation of the medical laws, was called before Justice Seabury today for a second trial. The first trial ended in a jury disagreement. The result of the trial is awaited with keen interest by members of the Christian Science Church throughout the country as the case is designed to obtain a ruling from the higher courts as to whether a Christian Science practitioner is legally entitled to attempt the cure of illness as a religious function and is not doing so in violation of the medical laws.

## GETS THREATS IN A LETTER.

Package Thought to Contain Bomb Is Rescued by Attack of Department of Justice.

Chicago, March 25.—Charles F. DeWoody, superintendent of investigation for the federal department of justice, today received through the mails a threatening letter, containing a mutilated United States flag and a small package believed to contain a harmful mechanical and chemical apparatus.

The supposed bomb will be thrown into Lake Michigan tomorrow without opening the package in which it is contained. The letter, which was mailed on the West Side, expressed disgust for Mr. DeWoody, Harry J. Loebe, a city detective, and United States Commissioner Mark A. Foote.

## WIRELESS COMPANIES IN SUIT.

New York, March 25.—Guglielmo Marconi, the inventor of wireless telegraphy, appeared in the federal court here today when the suit brought by the Marconi company against the United Wireless company was called for trial. The suit was brought against the United Wireless company because of its alleged infringements of the Marconi patents.

row afternoon to take up the consideration of a presidential preference primary act may develop a sensational fight.

It was said that members of the legislature who are candidates for other state offices will seize upon the special session as an occasion to attack the factions opposed to them in their political campaigns. In the opinion of many, the fight will center in the senate, where several clashes are expected. As a result it is said to be possible that efforts to attain passage of the primary act will prove futile.

REBELS WINS A  
BATTLE IN MEXICO

STRICT CENSORSHIP MAKES DIFFICULTY IN GETTING PARTICULARS.

Story to El Imparcial Tells of Insurrectionist Victory After Four Days' Battle—Federal Retreated Under Cover of the Night—Troops in Poor Condition.

Mexico City, March 25.—Difficulty in obtaining information as to happenings in the Republic is becoming greater each day largely because of the strict censorship maintained by the government. Even correspondents with the federal troops are prevented from communicating details of events of the last few days.

Early today the censorship was extended to cable lines but later this order was modified, but it still applies to military operations. This attitude of the government officials has been taken to indicate too, that government's news is bad, and the feeling was reflected in a meeting of the American embassy members of the diplomatic corps resident here.

It was apparent after the meeting that foreign representatives review recent developments with considerable concern although themselves as hopeful for government success.

News came from various sources that the city of Puebla is in apparent immediate danger of falling into the hands of 2,000 Zapatistas encamped in that vicinity.

Mexico City, March 25.—The federal flight toward Torreon began Sunday afternoon, according to a night telegram. El Imparcial and General Orozco with his victorious soldiery is said to be close at the heels of the retreating federalists.

There seems little doubt of the correctness of the main points of the newspapers' telegram, which has been corroborated by messages received by national railway officials today.

The report to El Imparcial is substantially as follows:

The rebel victory came after four days of almost continuous fighting, in which the early advantages seemed to be with the government army. The federalists pressed forward through the outskirts of the rebel forces and fought a fierce battle at the town of Escalon, where the first serious resistance was offered. Saturday the rebels fell back toward Corralitos which was selected as the field of the real battle. Here the fight was resumed Sunday and continued with considerable energy until the rebels executed a maneuver which turned the tide against the federalists. Under General Campa, 300 revolutionists were sent by circuit route some miles south from Corralitos with instructions to fall in behind the troops of the federal army, which were bringing up reinforcements. Meanwhile a locomotive loaded with dynamite was prepared in the rebel camp. A volunteer engineer piloted the locomotive out of town, and when a federal troop train approached, the engine was started with an open throttle, the engineer leaping to safety. In the explosion, caused by the collision of the locomotives, eighty federalists were killed. The move threw the federalists into a panic. By this time Campa's deploying party had closed in behind them in federal forces and the real attack of the revolutionaries began.

Under cover of the night the federalists retreated and at daybreak the rebels found their enemy had disappeared. By special instructions General Orozco the prisoners sent north were received with all honors of war and at Chihuahua their wounds being given attention and the soldiers fed and treated with respect. The number of privates captured is not given. Nicholas Martinez, chief of staff of Gen. Salaz, is believed to be among those killed. Federalists are said to be pouring into Torreon exhausted and panic-stricken by their complete defeat. For days they have been advancing under the discomforts of heat and short rations and are said to have been in poor condition for the battle.

Victory Is Complete.

El Paso, March 25.—The following telegram from General Campa to General Orozco and transmitted to Juarez for the information of the garrison was given out to night by Col. Ponce:

"Our victory is complete."

There were no details.

## THE MEXICAN WALL.

Mexico City, March 25.—Apparently reliable messages received by El Imparcial report a federal route at Jimenez. General Salaz, commander, is reported to have committed suicide. Both General Blazquez and Torres are reported wounded; other officers were killed.

Orozco with 164 carloads of rebel soldiers, is reported moving toward Torreon. All federal troops are said to have already retreated to that point.

## ARCHITECTURAL SHOW IN NEW YORK.

New York, March 25.—Specimens of the architecture of the world are illustrated in drawings and models at the second annual Architectural and Engineering Exhibition, which was opened in the Seventy-first Regiment Armory today and will be continued through the week. Many attractive models of prominent buildings in America, Europe, Japan, China, Africa and India are displayed. Samples of building supplies, materials and accessories are also included among the exhibits.

ROOSEVELT STARTS  
THIS MORNING

Will Reach Chicago Wednesday Afternoon—Itinerary Is Announced.

New York, March 25.—The itinerary for Col. Roosevelt's campaign trip through the central west this week was completed today. He will leave New York Tuesday morning and stop for ten minutes at Fort Wayne, Ind., at 12:19 Wednesday morning and will reach Chicago at 2 p. m. In the afternoon he will hold a reception and deliver two speeches in the evening.

Arrive at St. Louis at 7:58 Tuesday morning.

Automobile drive through city, attended dinner of Million Population club, make two speeches in the evening.

At Cedar Rapids, Ia., from 7:30 to 8 Friday morning and in the afternoon will make short speech at Albert Lea, Minn.

Reach St. Paul 5 p. m. and after a speech there in the evening will address a meeting in Minneapolis, leaving that city at 11:30 p. m.

The stop at Chicago on the return trip will be made between trains. At 12:30 p. m. Saturday, Col. Roosevelt will leave for Detroit and will make short speeches on the way at Detroit, Kalamazoo and Jackson, Mich. He will reach Detroit at 7:30 p. m., speak at 8 o'clock and leave for New York on the Michigan Central railroad at 12:16 a. m. He is due in New York at 15:50 p. m. Sunday.

NO FLOOD DANGER  
NOW AT ST. LOUIS

Rivers Are Rising From Floods But No Serious Results Anticipated.

St. Louis, Mo., March 25.—Despite the fact that two Ohio and other rivers are rapidly rising, officials of the local weather service announced there is no reason to believe there will be a flood at St. Louis. This assurance was given in a special broadcast issued today, which says the Missouri river between Kansas City and the Osage river will not change much. The Illinois river will rise above and gradually rise below Peoria. The Mississippi from Hannibal to the mouth of the Illinois will rise slightly and from the mouth of the Illinois will rise slowly. The river stage here tonight was 27.12 feet, a rise of 1.2 feet since morning.

Tonight the gauge at Cairo reads 49 feet and is gradually creeping upward. Birds Point, Mo., is under water, every house is flooded and mail is carried from the depot to the postoffice in a skiff. All traffic between that point and Cairo was annulled tonight.

Water is now flooding the entire territory below Birds Point in Missouri and will no doubt reach the overflow from Point Pleasant, which will give a flooded section of more than 100 miles.

FIREMAN USED TO  
SCATTER MOB

Rock Island, Ill., March 25.

Mayor H. M. Schriver, to night, called out a company of firemen to disperse a mob which had gathered in front of the office of a weekly newspaper. Members of the crowd expected to secure copies of the paper which contained an attack upon Mayor Schriver. The mayor suppressed the issue of the paper last Saturday and later made a personal attack upon Publisher John Looney, who is now in a hospital. The crowd gathered at the plant after listening to a campaign speech by H. M. McCaston, candidate for state's attorney. Despite the arrival of the members of the fire department, several thousand copies of the newspaper were given out. A number of persons in the crowd were injured and a score were arrested.

## THE VERMILION TRIAL.

Chicago, March 25.—Hearing of testimony against Mrs. Louise Verilva, who is on trial before Judge Sullivan, charged with the murder of Richard T. Smith, will begin tomorrow morning. The jury was late this afternoon. Assistant State's Attorney Burham completed his opening statement for the prosecution.

## TAFT WINS IN INDIANA.

Indianapolis, March 25.—The majority of the resolutions committee tonight adopted a report requesting delegates at large to vote for Taft; concerning the recall of judges or judicial decision and the initiative and referendum and declared a presidential third term unwise and a violation of tradition. The minority will present the question favorable to Roosevelt.

## MARYLAND DAY CELEBRATED.

Baltimore, Md., March 25.—Public schools in Baltimore and elsewhere throughout the state today held special exercises in celebration of "Maryland Day," the 278th anniversary of the landing of Lord Baltimore's colony at St. Mary's, which marked the first permanent settlement in Maryland.

## BIG EIGHT TRUCK MEET.

Chicago, March 25.—Nearly 250 from the universities in the big eight conference will participate in the annual intercollegiate ice track and swimming meet to be held at the University of Northwestern university, next Friday and Saturday.

## FAVOR CUMMINS BILL.

Washington, March 25.—The senate judiciary committee today ordered favorably reported Senator Cummins' bill to make possible the serving of a summons upon corporations which violate the law in doing business in a state where they are without authorized agents.

STEPHENSON ON  
TRIAL IN SENATE

VALIDITY OF WISCONSIN SENATOR'S SECT IS QUESTIONED.

Reed of Missouri Suggests Legend "Those Who Have Money Can Enter Here"—Vote Expected soon.

Washington, March 25.—Isaac Stephenson, the millionaire lumberman and banker, of Wisconsin, was today formally placed on trial on charges involving the validity of his seat in the United States senate. The entire session was taken by the Missouri senator's retention of his seat.

Though final action must be taken on the "legislative day of March 26," that parliamentary expression permits indefinite discussion by substituting recesses for adjournments and it is expected the final vote will be reached about Wednesday. Friends of the Wisconsin senator said they expect a safe majority for him, but admit the loss of one or two of his former adherents. His opponents contend that the vote will be close, even claiming that the result would be against Mr. Stephenson if his colleague, Senator LaFollette, who has been away for weeks, should return and vote in the negative.

All through the debate Senator Stephenson, the first to enter the senate chamber, sat quietly back in the rear seats, occasionally applying a handkerchief to his moistened eyes as the charges of political corruption were read across from the Democratic side. Close by him sat Senator Lorimer of Illinois, giving close attention. Mr. Lorimer's election is said to be in jeopardy.

Calls Stephenson no Novice.

There was a large attendance of senators and the galleries were crowded.

Senator Reed declared that if the senate acquitted Mr. Stephenson, "we ought to be brave enough to hang on the door of the senate the legend, those who have the money can enter here."

Mr. Reed said that Mr. Stephenson was not the political novice that he had been represented to be. Mr. Reed denounced the use of money in the Wisconsin primaries as the open door to wholesale fraud and an appeal to expediency and not to reason.

The main effort today was to controvert the theory that Mr. Stephenson was innocent of wrong doing because he had not violated any Wisconsin statutes and Mr. Reed stamped as absurd the claim that the senate could not go back of the legislature's action. He contended that the violation of a specific law was not considered by them. The court outlined the necessary facts which the government must have established to warrant a verdict of guilty, as first, that the defendants carried on the trade in the period of the indictment as charged, and, second, that the defendants prevented, restrained, restricted, or stifled competition and fixed, regulated or controlled sales, the prices of fresh beef is the direct result of a combination between them.

High Living Cost Not an Issue.

The court declared that to make an officer or agent of a corporation criminally liable for a corporate act done by another agent, it must appear, first, the officer agent accused had knowledge of the other, and second, that he participated personally therein.

The court directed the jury to disregard the testimony concerning the handwriting on telegrams as being that of J. Ogden Armour and Thomas J. Connors. The court held that the jurors could compare the handwriting with other writing on evidence. Concluding his instructions, Judge Carpenter advised the jury that "the matter of the high cost of living about which we have heard and read so much during the last year, were has nothing to do with this case."

## DO NOT WANT INTERVENTION.

Cleveland, Ohio, March 25.—President White of the United Mine Workers of America and President Walker of the Mine Workers of Illinois, to night declared the miners would resist any government interference or intervention in the present situation. President White said the differences between the operators and miners can be settled with fair argument.

## WIRE TROUBLE CAUSED DELAY.

The Journal's wire carrying Associated Press news was out of commission for four hours Monday night and the service was therefore greatly curtailed. Part of the matter received came over this wire, part by Western Union and still other matter by Bell telephone.

## DELEGATES NOT INSTRUCTED.

Port Jervis, N.Y., March 25.—Delegates to the congressional and state Republican conventions were not instructed by the Webster county convention this afternoon for any candidate.

## MURDER SUSPECT ARRESTED.

St. Paul, Minn., March 25.—The police to night arrested a man giving his name as Benny Brock and his home Cincinnati in connection with the murder of Alice Matthews in Minneapolis Saturday.

## FAVOR CUMMINS BILL.

Washington, March 25.—The senate judiciary committee today ordered favorably reported Senator Cummins' bill to make possible the serving of a summons upon corporations which violate the law in doing business in a state where they are without authorized agents.

PACKERS CASE  
IN JURYS HANDS

CLOSING ARGUMENTS WERE MADE AT MONDAY'S COURT SESSION.

Instructions to Jury Were Concluded at 1:21 O'Clock—Judge Carpenter Laid Special Stress on Definition of Reasonable Doubt.

Chicago, March 25.—The case of the ten Chicago packers, who say government charges have violated the Sherman anti-trust laws, was today formally placed on trial on charges involving the validity of his seat in the United States senate. The entire session was taken by the Missouri senator's retention of his seat.

A short conference between counsel and court followed and at 1:40 p. m. the jury retired to consider its verdict, which will bring to a close the trial which has continued since December 6, last.

In his instructions to the jury, Judge Carpenter laid great stress on the doctrine of reasonable doubt to be exercised by the jury in determining the guilt or innocence of the defendants.

Instructions to Jury.

"Every defendant in this case, as by the law, presumed to be innocent of each and every charge in the indictment," Judge Carpenter said. "The burden of the issue at every stage of the proceeding is upon the government. Every element necessary to constitute the offense must be proved beyond all reasonable doubt."

A reasonable doubt in law means a substantial and well founded doubt, and not a mere possibility of a doubt.

On the point of circumstantial evidence the court said:

"All the facts and circumstances must be consistent and not only point to the guilt of the accused, but must be rationally inconsistent with innocence, before conviction can be had. You are the sole judges of the credibility of the witnesses. You must take into consideration if their interest, if any, at the outcome of the trial, their relation if any to the parties, and their demeanor while testifying."

Judge Carpenter discussed the Sherman act explaining what the law considers a combination in restraint of trade. The court also told the jury that the question of injury done the public was an element to be considered by them. The court outlined the necessary facts which the government must have established to warrant a verdict of guilty, as first, that the defendants carried on the trade in the period of the indictment as charged, and, second, that the defendants prevented, restrained, restricted, or stifled competition and fixed, regulated or controlled sales, the prices of fresh beef is the direct result of a combination between them.

High Living Cost Not an Issue.

The court declared that to make an officer or agent of a corporation criminally liable for a corporate act done by another agent, it must appear, first, the officer agent accused had knowledge of the other, and second, that he participated personally therein.

The court directed the jury to disregard the testimony concerning the handwriting on telegrams as being that of J. Ogden Armour and Thomas J. Connors. The court held that the jurors could compare the handwriting with other writing on evidence. Concluding his instructions, Judge Carpenter advised the jury that "the matter of the high cost of living about which we have heard and read so much during the last year, were has nothing to do with this case."

## Jury at Hotel.

After five hours deliberation it was rumored that the jury had come to an agreement although rumor was that a foreman had been selected and one ballot taken.

It was then reported that H. I. Bucklin, the juror whose illness delayed the completion of the arguments was feeling weak and nervous. Shortly before 10 o'clock Judge Carpenter left the court house, giving his bailiff instructions to notify him should his presence be needed. The jury went to a hotel about 10 o'clock and may resume deliberations there.

## BATTLE IS REPORTED.

St. Petersburg, March 25.—With a dispatch from Kullja, Chinese Turkistan, reports a battle between government troops from Urumqi and revolutionary forces near Shik-Ho. The rebels were victorious and are now advancing on Shik-Ho. The government troops, according to the dispatch, lost 1,500 killed, 80 prisoners and three guns. The rebels lost 200 killed.

## BURLINGTON ELECTION.

Burlington, Iowa, March 25.—Burlington day elected Frank Norton, mayor, over J. F. Schaumann, Socialist, by 660 majority. The council is anti-Socialist.

The fight was non-partisan against a Socialist ticket supported largely by the laboring men.

HOPE TO GET  
ALLEN GANG SOON

POSSE BELIEVES ARRESTS WILL BE MADE WEDNESDAY.

Hillsville, Va., March 25.—Another day's hunt for the Allens is on, with the hunters still confident that by Wednesday they will have run down at least three of the four men wanted. A night's sleep in the foothills, badly needed after yesterday's strenuous tramping through the mountain brush in a drizzling rain, put the detectives in shape for today's work and the whole force made for the mountains again soon after day light.

Has Made Escape.

One of the outlaws still at large, Claude Semmon Allen, son of Floyd Allen, is now believed to have distanced his pursuers and to have left the region. His uncle, Sidna Allen, and his cousins, Wesley Edwards and Friel Allen, are still supposed to be hemmed in by the narrow space on the south side of the Blue Ridge against which the detectives are centering their efforts.

Sidna Edwards, who was captured and placed in the Hillsville jail Friday, is now said to be in possession with the other three prisoners.

Detective Foltz says that while they were going down on the train last night, Edwards admitted that he passed a pistol to his uncle, Floyd Allen, at the door of the court house on the day of the shooting. The prisoner insisted, however, that he did not fire a shot himself, hence before he has claimed that he went into Hillsville that day unarmed.

PRIMARY ELECTION  
IN NEW YORK TODAY

Republicans Will Select Eighty-six Delegates to Chicago Convention—Contests Will Be Many.

New York, March 25.—Primary elections to tomorrow throughout New York state will give the first tangible indication of popular sentiment regarding the candidates to come before the Republican national convention. The Republicans will select 86 of their 90 delegates to the Chicago convention and for 34 of these there will be contests between candidates designated by the regular Republican district organization, and others named by petition in behalf of Col. Roosevelt, the remaining four delegates at large will be chosen by the Republican state convention to which delegates will be selected also at tomorrow's primaries. The Taft leaders asserted confidently that they would make it a clean sweep to morrow.

Charles Duell, president of the New York city Roosevelt committee, said that with a fair vote and a fair count his side would win.

The primaries are not for direct presidential preference in the sense expressed by the recent contest in North Dakota. Only regularly enrolled Republicans can vote for Republican candidates and the law permits no instruction of delegates. Interest in the Democratic primaries is confined to local contests.

## LOOKS LIKE MURDER.

Chicago, March 25.—Mrs. Anna Heiske, a widow, was found dead in her home at North Clark avenue today and indications indicate that she was murdered. Neighbors heard quarrelling in the woman's apartments last night. The police are searching for two men who are said to have been in the woman's home yesterday.

## CHICAGO SLANDER SUIT.

Chicago, March 25.—Taking of testimony in the \$100,000 slander suit brought by Miss Esther Mercy against Marion Talbot, dean of women at the University of Chicago, was halted today when Attorney Francis of Milwaukee, Mrs. Talbot's counsel, filed a motion to take the case from the jury. Arguments occupied the attention of the court until adjournment and will be resumed to morrow.

## IS FASTEST DREADNAUGHT.

Rockland, Me., March 25.—The fastest dreadnaught of the American navy, and probably of the world, is the title claimed for the battleship Florida. It made 22.4 knots on her standardization trial over the Rockland course today.

WEATHER INDICATIONS  
AND TEMPERATURES.

Washington, March 25.—For Illinois: Fair Tuesday in south, rain or snow in north portions; Wednesday cloudy; rain or snow in north, rain in south portion.

## TEMPERATURES.

Chicago, March 25.—Current maximum and minimum temperatures today were:

## LODGE HONORS COL. CROWELL

ONLY CHARTER MEMBER OF I. O. O. F. NOW OF TACOMA.

"Charter Members" Night Proves Red Letter Event in History of Uralia Lodge—Initiatory Degree Conferred Upon Three—J. T. Osborne Reads Biography of Col. Crowell.

Monday evening will easily go down in the history of Uralia lodge No. 243, I. O. O. F., as one of the red letter events in the life of the organization. It was known as "Charter Members" night and honor was paid to Col. W. D. Crowell of Tacoma, Wash., the only living charter member of the lodge and to the memory of the twelve who have passed away. On Oct. 7, 1857, Uralia lodge was formed in Jacksonville by thirteen members, and since that time it has grown steadily until its members are now counted by three figures. The event of last night also marks the close of one of the most prosperous terms in the history of the lodge, rapid gains having been made both in membership and in finances and the members have been imbued with a deeper fraternal and social spirit. During the six months 38 new members have been received.

The attendance was unusually large and representatives were present from Murrayville, Chapin and Hill lodge No. 4 of this city. A large number of the older members of the lodge were present, including J. T. Osborne, Herman Weber, H. H. Knollenberg, Jacob Rife, Mayberry, Walter, Stansfield, Baldwin, J. W. Bowen, W. H. Kitcher, N. R. Gerald, H. O. Arter and Otto Eckles. The first part of the program was given over to the initiation of three candidates, Messrs. W. A. Roberts, George W. Eads and Charles H. Evans. The following were also admitted by card: Roy, Walter E. Spoons, J. W. Boyd and J. A. Crum. After the secret work of the order the lodge room was thrown open and the following program was presented, Carl H. Weber as noble grand, acting the part of chairman: Music—Eckles' Orchestra.

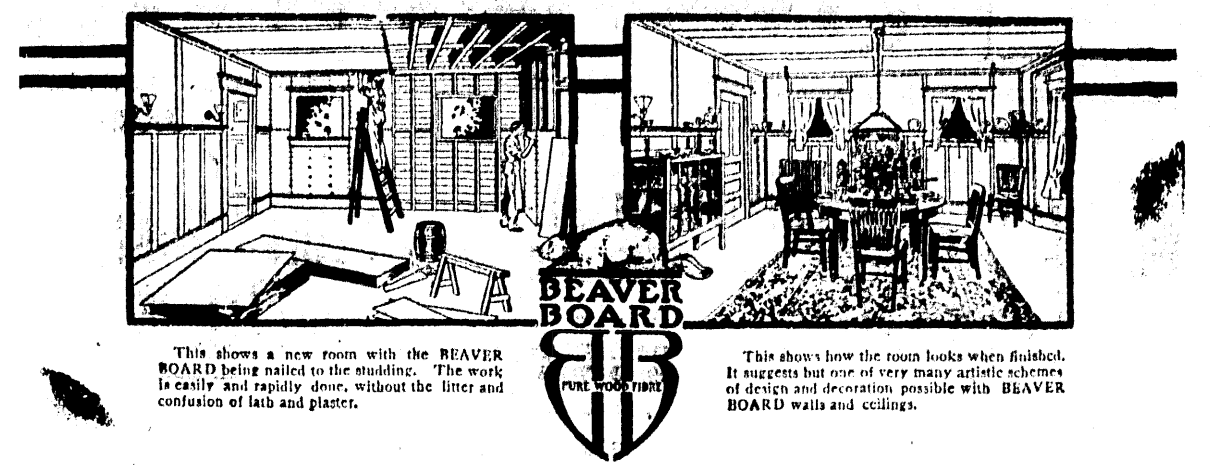

"History of Our Charter Member and His Lodge"—J. T. Osborne. Stereopticon views of W. D. Crowell.

Musical Novelties—George W. Siegfried. Reminiscences—J. W. Bowen. Remarks—W. R. Gerald. Music—Eckles' orchestra. The stereopticon views showing Col. Crowell, together with his wife and sons, were greeted with interest and the ladies by Mrs. Osborne were given the closest attention and received with much enthusiasm. Before beginning his paper the speaker asked for all those to stand up who were born on the 13th of the month and only one responded. He remarked that Uralia lodge started with 13 members and in its case it had not been a hoodoo. Souvenir autograph postal cards from Mr. Crowell were distributed to the members during the evening. A large number of the older members of the lodge were called for and taken home in automobiles by a committee headed by T. M. Tomlinson.

**Biographical Sketch.** The following was the biographical sketch written by J. T. Osborne and read before the lodge: Hall of Uralia Lodge, No. 243, I. O. O. F., Jacksonville, Ill. March 25, 1912.

Uralia lodge is 54 years, 6 months and 18 days old. This day, on Oct. 7, 1857, this lodge was instituted with James E. Dunlap, P. B. Price, G. W. S. Callen, R. D. Landers, G. S. Smith, W. D. Crowell, La Fayette Dewees, Henry Rice, W. D. R. Trotter, Preston Spates, P. G. Gill, B. E. Bracy, and the Uralia lodge charter members. Twelve of the number have been called to the great Grand Lodge above, leaving but one the subject of this sketch, Bro. W. D. Crowell, to see how well they builded. Brothers look upon the canvass, see this grand old brother with his veteran's Odd Fellow badge upon his breast. He is as proud of this badge as you and I are of the first pair of red topped brass topped boots that father bought us and now see him seated in his yard and by his side the bride of his youth and again see the other picture upon the canvass, father and mother and two sons. These two sons are making the last days of this noble Odd Fellow and wife as pleasant as love and joy can do. Their home is in the western part of the beautiful city of Tacoma, Wash., and is surrounded by the giant fir and cedars for which Washington is famous.

**Born in Ohio.** W. D. Crowell was born on a farm of 160 acres owned by his father, located in Mill Creek township, Hamilton county (which is now a part of the city of Cincinnati), Feb. 18, 1831, making him to day 81 years, 1 month and 7 days old. He resided in Cincinnati until the latter part of October, 1849, when he removed to Jacksonville, arriving here Nov. 1, 1849. He remained in this city for two years and returning to Cincinnati remained there two years. Again coming here he made this his home until the commencement of the civil war, at which time he received an appointment as chief clerk under Col. Abner Yates, engineer in chief, in the city of Springfield. Richard Yates, Sr., was then governor of the state. Brother Crowell was appointed colonel of artillery and engineer in chief Jan. 1, 1862, by Governor Yates and was his own successor under the name of chief of ordnance under Governor Richard J. Oglesby and served as such officer to the end of Oglesby's term, when he returned to Jacksonville and remained here until 1876. Then he went to Springfield and received an appointment in the office of Secretary of State George H. Harlow and remained in that office until Henry D.

### Sleepy-Eye Flour

Perfect Bread, Perfect Cake alike come from the oven when Sleepy-Eye Flour is kneaded. You need it.

### The Difference in Olive Oils

There is a vast difference in the quality of OLIVE OIL and we are now offering that PARTICULAR BRAND of California Olive Oil which R. A. Keuchler selected as being the very highest grade of oil. To day this oil is conceded to be the best on the market and one of the largest wholesale grocery houses in the country handles it as a specialty.

We have just received a large shipment of this PURE OIL, direct from California, in all size packages and are in position to name prices far below the average retailers usually ask. There is a richness, a decisive flavor, a rare quality which gives this oil a character all its own.

### The Italian Brand

Then there is that splendid Italian Olive Oil made from the olives of Sunny Italy. Unlike the French oil it is not a blended product, but is made from the pure virgin cream of the olive. Monarch Italian Olive Oil is distinctive for its body and for the excellent fruity flavor. The packages, that is the bottles are the kind that satisfy the customer, for there are no false bottoms or glass unduly thick and instead one gets four, eight, sixteen or thirty-two ounces, when he asks for a bottle of that size.

### Here's a Remedy Waiting You

This is the season when anyone has a perfect right to a cough or a cold and most people are exercising the right. That's the reason for the daily demand for the Keuchlers remedies. Try some of these:

- |                              |                    |

### CASES IN STOMACH

POISON THE BLOOD.

Gas forms in your stomach because the food you eat ferments and turns sour.

Allow this fermentation to go on and these gases become poisonous and the poison gets into the blood.

M-I-O-N-A stomach tablets stop the fermentation almost instantly, turn the poisonous gases into liquid, and eliminates the poison mostly through the kidneys.

If you have any stomach trouble such as gas, sourness, heaviness, flatulency, or shortness of breath, M-I-O-N-A will give gratifying relief in five minutes.

They are sold on money back plan for acute or chronic indigestion, nervousness, dizziness, headaches, sleeplessness, etc. Sold by Coover & Shreve and druggists everywhere for 50 cents a box.

### HOME FROM THE SOUTH.

Mr. and Mrs. Ensley Moore Return From Several Weeks' Trip in Dixie.

Mr. and Mrs. Ensley Moore have returned from a five weeks' trip in the South. They first went to Indianola, Miss., where they visited their son, William Walter Moore, and wife, for about a month. Then they visited with the J. W. Miller family and Wood Terry, and found them all pleasantly situated and busy.

From Indianola Mr. and Mrs. Moore went via Columbia, Miss., and Birmingham, Ala., to Jacksonville, Florida. They were enroute there at the time of the great rains in the South, about two weeks ago and were considerably delayed by the affluence of water. This has been one of the coldest and wettest seasons known in "Dixie Land" for some years and it was not a "Sunny South," so far as comfort and pleasure went with the travelers. They took in the main features of Jacksonville, Fla., and also visited at St. Augustine. This is the oldest place in settlement on Eastern coast of the United States, the Spaniards having established themselves there, permanently before any English, Dutch or French settlers had made good.

Old Ft. Marion at St. Augustine is the most interesting feature left of the Spanish occupation, for it is to be remembered that Florida was not made a part of the Republic until about 1820, after General Andrew Jackson and others had discussed matters in a serious way with the Seminole Indians. In the Spanish days the old fort bore one of their names and was re-named after the American occupation. Some of the streets of St. Augustine are very narrow and there are a number of very old and curious houses, with porches overhanging the street.

Mr. Flagler, who was the modern Anadind to Florida, built a splendid church in St. Augustine in memory of his mother and also had the great Ponce de Leon hotel constructed, it being one of the finest hosteleries in the world. Flagler built the railroad to Key West, so one can go to sea in a Pullman.

From Jacksonville the Moores came up to Charleston and gazed upon what is left of Ft. Sumter, where the first battle of the civil war was fought. They visited the old St. Michaels church and heard its chimes of bells which have rung in its belfry for nearly two hundred years. The old church has passed through three wars, two cyclones and one earthquake, and is still a well preserved building. Nearly opposite is the South Presbyterian church, built in 1814, and which has passed through fire and war and earthquake and yet a meeting place for the worshippers of God. From Charleston Mr. and Mrs. Moore rode through Columbia, S. C., Charlotte, N. C., and Spartanburg, being detained out of the usual course owing to the rains, to Greenville, N. C., in the land of the mountains. There they visited the Presbyterian School for the mountain people, and saw the good work being done by its faithful managers and teachers. Pictures of the late Mr. and Mrs. Charles Brown of Diverson, Ill., hang on the walls of the school.

Asheville was found to be the most attractively pleasant place visited. It is 2200 feet above sea level in the Blue Ridge range of mountains. From Asheville the travelers followed the beautiful French Broad river through its course into East Tennessee and then passed through the Blue Gray region of old Kentucky to Louisville, whence they crossed into Indiana and came home via St. Louis.

### WILL INSPECT FINE CATTLE.

**ANDREW RUSSEL**  
REPUBLICAN CANDIDATE FOR STATE TREASURER.

The candidacy of Mr. Russel is being received with increasing favor throughout the state. In every one of the one hundred and two counties he has friends who are urging his cause, basing their claims upon his fitness for office and the fact of his long time record as a party worker. Mr. Russel has kept free from entangling alliances, following out the course that in this campaign combination for the treasurership and taking no part in what ever strife there may be for other offices. Mr. Russel's record of two years in the treasurership entitles him to consideration now for during his term of service the affairs of the office were increased to a high state of efficiency and not only were the funds to the people safely guarded, but a large sum in interest was paid into the treasury.

## SUIT FOR DAMAGES IN HORSE TRADE.

A suit for damages, which was tried Monday before Squire J. M. Coons, aroused considerable interest. H. L. Conchman, it seems, recently purchased a horse from L. H. Tobin with the guarantee that the animal was perfectly sound. Mr. Conchman contends that after the deal was closed he discovered that the animal was far from sound and was not as represented and consequently he brought suit for damages in all amounting to \$75.75. The case was tried by jury and verdict was rendered in favor of the plaintiff for damages to the extent of \$20. The jury which heard the case was composed of J. E. Mansfield, C. E. Williams, William P. Thrift, M. V. Wyatt, A. L. Paradise and Edward McCullough.

### Arts and Crafts in Basketry

We have just received our new spring line of Hawkeye Baskets. These baskets are made by expert craftsmen, some of whom have spent their entire lives in perfecting themselves in the art of basket weaving. The workmanship is not only the best that can be produced, but the materials are of the highest quality that can be had anywhere. In addition to the odd and quaint constructions one of the chief charms of our baskets lies in the artistic colorings. The soft, subdued craftsman colors, blend readily with almost any surroundings.

### AT THE GRAND.

The Grand Stock company were greeted with a large and appreciative audience at the opera house last night. One of the highest compliments that can be paid a company is to be greeted by a house like the one which witnessed the play last night of "Amy in the Circus." The company made a great impression, whether it was the play or the charming personality of the people or both, it is hard to tell. But one thing is certain, they are sure to draw big houses the balance of their stay here. "Amy in the Circus" is a play full of comedy and drama, hinging about the adventures of "Amy," a young girl who has been deserted by her father, and who finally joins a circus. An interesting story is unfolded. Each and every member of the company last night handled their parts in a clever and convincing manner, proving that the company consists of better material than is usually found in an ordinary stock company. Mr. Miller, the comedian, ought to do a little more specially work as he seems exceptionally clever along that line. To night the company presents "The Convict and the Jew," a strange bill full of rich comedy, new specialties and moving pictures will be given between acts. Prices to night 10 and 20c, no higher.

### CHILDREN INJURED.

Ordinary Cathartics and Pills and Harsh Physics Distressing Complaints.

One cannot be overcareful in the selection of medicine for children. Only the very gentlest bowel medicine should ever be given, except in emergency cases. Ordinary pills, cathartics and purgatives are apt to do more harm than good. They may cause griping, nausea and other distressing after-effects that are frequently health-destroying.

We personally recommend and guarantee Rexall Orderlies as the safest and most dependable remedy which we know, for constipation and associate bowel disorders. We have such absolute faith in the virtues of this remedy that we sell it on our guarantee of money back in every instance where it fails to give entire satisfaction, and we urge all in need of such medicine to try it at our risk.

Rexall Orderlies are eaten just like candy, are particularly prompt and agreeable in action, may be taken at any time, day or night; do not cause diarrhoea, nausea, griping, excessive looseness, or other undesirable effects. They have a very mild but positive action upon the organs with which they come in contact, apparently acting as a regulative control upon the relaxed muscular coat of the bowels, thus overcoming weakness, and aiding to restore the bowels to more vigorous and healthy activity.

Rexall Orderlies commonly completely relieve constipation, except of course when of a surgical character. They also tend to overcome the necessity of constantly taking laxatives to keep the bowels in normal condition. Three sizes of packages, 10 cents, 25 cents and 50 cents. Remember, you can obtain Rexall Remedies in Jacksonville only at our store—The Rexall Store, Lee P. Allcott, east side square.

### It Fell.

"What's that racket down there?" shouted the old gentleman from the head of the stairs.  
"I think," promptly replied his daughter, "that it was Bob dropping his voice when he proposed to me."  
Detroit Free Press.

### Enlightening a Poet.

The English poet Mr. Powys told this anecdote. In which he claimed to have been the party of the second part. He said that he was talking to an old country woman on the occasion of the queen's jubilee in 1897. "What do you understand by the word 'jubilee'?" he asked her.  
"Well," answered the old dame, "if you've been married fifty years and the man's alive it's a golden wedding. If he's dead it's a jubilee."

### Ancient Cancer Cure.

An ancient oriental cure for cancer was to apply a live toad to the affected part. A well-authenticated case of this form of treatment was that of the wife of a merchant of Smyrna. A live toad was strapped tightly over the diseased part, and it was said, the woman was completely cured within a short time. It was a sacrifice upon the part of the toad, however, as it died after it had been on duty twenty-four hours.

### The Best He Could Do.

"Mr. Addem," said a lightward merchant to his sad faced bookkeeper, "I wish you would try to look a little more cheerful."

"I think," replied the bookkeeper, swallowing a big lump, "that for 30 shillings week I'm awfully jolly!"  
London Mail.

### Exciting.

"Anything going on this evening?"  
"Yes; there's to be a performance at the Athletic gardens. A fellow will undertake to subdue an automobile that has a record of having killed six men. He's to do it in one hour or for \$1,000!"—Chicago Tribune

## DEATHS AND FUNERAL

**Higgs.**  
Louis E. Higgs died yesterday morning at Our Savior's hospital, after an operation. He had been in poor health for some time and it was hoped that an operation would be a benefit to him but it was not. Mr. Higgs was the son of Henry and Mary Higgs and was born near Jacksonville, Feb. 20, 1885, and had lived in this city and vicinity all his life, his last home being on Joy street. He received the education of the public schools and after arriving at manhood was married Jan. 20, 1910, to Miss Lillie Hawn, with whom he lived happily during the short time he was spared. They were not the parents of any children. Mr. Higgs was a member of Mt. Zion Methodist church and was a consistent christian, an upright man, a devoted husband, a loving brother and a faithful son, well liked by his neighbors and a good man in the community in which he lived.

He is survived by his wife, his parents, one brother, Albert, living on Joy street, two sisters, Mrs. Ida Crabtree on Joy street and Mrs. Laura Bowen of Ada, Okla. Owing to the bad condition of the roads the funeral will be conducted in Centenary church at 1 p. m. Wednesday and burial will be in Diamond Grove cemetery.

**Winchester.**  
The funeral of the late Mrs. Elizabeth Winchester was held Sunday afternoon at the home of J. Marshall Miller, where she had been tenderly cared for for so many months. The services were in charge of Rev. L. H. Davis, who spoke in a very appropriate way. The minister divided his remarks into three parts, considering especially the home, the church and the Master as related to the life of the deceased and emphasized the earnestness and devotion of the life that was gone. Mrs. Winchester was a woman of Godly character and the influence she exerted was ever sweet and tender. She was deeply religious and her experience was such that through the years she had constantly come into closer relationship with her Master.

A quartet—Mrs. W. T. Brown, Miss Katherine Barr, C. W. Taylor and Louis Shrevesbury—sang a number of selections which were favorites of the deceased, including "Rock of Ages," "Asleep in Jesus" and "My Faith Looks Up to Thee." Interment was in Diamond Grove cemetery and the bearers were L. W. Chambers, R. R. Stevenson, John H. Russell, John A. Ayers, John H. Lammie and Charles S. Sanders. The many beautiful flowers were cared for by Misses Ruth and Marion Miller and Winifred Keplingner. Mr. and Mrs. M. B. Keplingner of Franklin and J. W. Miller of Greenville, Miss., were among those here to attend the funeral.

Mrs. Winchester was 84 years of age, having been born March 11, 1828, in Bathgate, Linlithgowshire, Scotland. She came with her parents, John and Margaret Marshall, while a young woman to Morgan county to reside, where she ever since has made Jacksonville her home. She was united in marriage with James Winchester in the year 1877, and her husband died about twenty-nine years ago. For many years her home has been on Caldwell street, this city, but for several years past she has made her home with her nephew, J. Marshall Miller, on West North street, where she passed away after an illness which has been confined to her bed all winter. She yielded gradually to general debility incident to her age, but without a word of complaint. Her mind was clear, and her words of Christian faith and trust were ever ready until unconsciousness came only a few hours before she breathed her last. Her expressions of regard and gratitude for the kind acts and remembrances of friends and loved ones was a gentle benediction upon her hearers.

As a young woman Mrs. Winchester became a member of the Presbyterian church and was active in the old Central church when Rev. R. W. Allen and Dr. W. W. Harsh were the ministers. Mrs. Winchester was a faithful attendant at Sunday services and at the weekly prayer meetings as long as her health would permit. Her every day life was a constant example of righteousness and all who came in touch with her were the better for that contact. After the Jacksonville Presbyterian

church dissolved Mrs. Winchester became a member of Westminster church. Faithfulness characterized her conduct daily and the memory of her character will be an inspiration to all who knew her.

**Samuel.**  
The remains of Mrs. Charles Samples arrived in the city Sunday morning from New Berlin and were taken to the home of Joseph Jackson, 748 West North street, where the funeral was held at 2:30 o'clock in charge of Rev. W. L. Dorgan, pastor of the First Baptist church. The singing was by a quartet composed of Miss Carrie Spire, Miss Martha Austin, Luther Smith and W. E. Day and the many beautiful flowers were cared for by friends. Interment was in Jacksonville cemetery and the bearers were Jerry Cox, James Stout, John T. Sample, James Baker, Henry Jewsbury and James McDonald.

Among those to attend the funeral from out of the city were two sons, Edwin Sample of Memphis, Tenn., and John R. Sample of Bedford, Ind. John Keller and daughters, Misses Rose and Eloise of New Berlin.

**Bergschneider.**  
The funeral services of Mrs. Magdalena Bergschneider were conducted from the Church of Our Savior's Monday morning at 1 o'clock. There was a large attendance of relatives and friends and solemn High Mass was said by Rev. Father O'Donnell. There were many beautiful flowers which were in charge of Mrs. Frank Pipenbring and Misses Elizabeth Bergschneider and Mary Frank. Interment was in Calvary cemetery and the bearers were Messrs. Arthur Harmon, John Lukeman, Jos. Kuntz, Frank Wiggens, A. W. Becker and S. Gebhardt.

Among those from out of the city to attend the services were Mr. and Mrs. Joseph Kuntz, Mrs. Theodore Berchtold, Guy Bender, Tony and Elizabeth Bergschneider, Mrs. Mary Kitter and Joseph Bergschneider of Alexander, S. Gebhardt, William Bergschneider, Mrs. John Kuntz of Decatur and Mrs. Fahrenbocker of Decatur and Mrs. Fahrenbocker of Springfield.

**O'Brien.**  
The funeral services of John O'Brien were conducted Monday morning at 9 o'clock from the Church of Our Savior, Rev. Father Formaz officiating. The remains were buried in Calvary cemetery and the bearers were T. J. Kendrick, Michael Klotz, J. Miller, Thomas McDowell, William Kennedy and Daniel Keating.

**McFarland.**  
Mrs. LeRoy McFarland died Saturday night at her home in Carrollton, from the effects of a second stroke of paralysis. Her maiden name was Anna C. Bradt and she married Mr. McFarland Sept. 8, 1870. He is a leading drygoods merchant of Carrollton. Of the nine children born to them only four children survive, Harry, Oscar, Lee and Charles, who are associated with their father in business.

**Wright.**  
The funeral services of Mrs. Abram Wright were conducted Sunday afternoon at 2 o'clock from the M. E. church in Winchester. Rev. Lloyd G. Adams officiating. Interment was made in the Winchester cemetery.

Besides her husband she is survived by the following children: John, Frank and Gilbert, Mrs. Samuel Bailey and Mrs. Levi Hornbeck.

**Atkinson.**  
The funeral of Miss Charlotte Atkinson, who was burned to death last Wednesday at her home near White Hall, was held Saturday afternoon at 1 o'clock from the Methodist church in Manchester in charge of Rev. Mr. Swope. Interment was in the cemetery at that place.

Miss Atkinson was born June 28, 1870, near Manchester, and spent her entire life in that community. In early years she gave her life to the savior and united with the Methodist church at Manchester, where she was a member at the time of her death. Her mother died July 21, 1909, and since that time she has been housekeeper for her aged father.

She is survived by her father, two sisters, Hannah, residing near Murrayville, and Ellen Miller of Murrayville, and three brothers, William and George, near Murrayville, and Ralph of Bowling Green, Mo.

**Henderson.**  
Peter W. Henderson, better known as "Uncle Pete," died at 1:30 o'clock Sunday afternoon at his home near Litchberry. Mr. Henderson had been ill for about four months but his condition had not been considered serious until recently and many will be surprised to learn of his death.

Mr. Henderson was 68 years old and had spent practically all his life in this county. While he was engaged in farming he also did much trading and shipped a great deal of stock to the markets. For a number of years he served as postmaster of his district and was a good man in that position. He is survived by his wife and four children, John of Prentice, Ervin at home, Mrs. Fred Conover of Little Indian, and Miss Carrie Henderson of this city, besides a large number of other relatives.

The deceased was possessed of an unusually jovial disposition and always had a pleasant word for everyone. He constantly looked on the bright side and wherever he went created an atmosphere of good feeling and genuine friendship. "Uncle Pete" will long be remembered for his genial nature and for his kind acts as a neighbor and friend.

The funeral will be held at 1 o'clock this afternoon from the Christian church at Litchberry, in charge of Rev. Mr. S. Alkire, pastor of Brooklyn M. E. church, this city. Interment will be in Arcadia cemetery.

**Chaudoin.**  
Samuel K. Chaudoin died at 6:30 o'clock Sunday evening at his home, 402 North East street, after an illness of several months' duration.

Mr. Chaudoin was born in Nashville, Ky., April 12, 1854, and has lived in this county all his life. He was married to Miss Nellie Dugger April 12, 1877. This county and to this union were born four children, Ezra of Nortonville, Samuel M. of Scott county, John of Murrayville and Mrs. Angelo of this city. These with the wife and two brothers, John and Jack of Nebraska survive.

## The Mines Will Close

There may or may not be a miners' strike April 1st, but certain it is that the mines will shut down at that time for a month or two pending a wage agreement. All manufacturing plants are storing coal and the individual consumer must do the same. Protect yourself by storing enough coal to last until early summer.

### GIVE PLEASING PLAY.

Members of Belle Lettres Society of Woman's College Present "A Doll's House" by Henrik Ibsen.

An audience that taxed the seating capacity of Music hall at the Woman's college was present Monday night to witness the play, "A Doll's House," by members of Belle Lettres society. For several weeks the young ladies have been working on the play, which is one of the most popular written by Henrik Ibsen, the famous Norwegian writer. For the society to undertake such a heavy production and handle it in a splendid way, speaks highly for their ability and the instruction of Miss Amanda Kidder, who is at the head of the school of expression. All the parts were well balanced and every character was splendidly chosen. There were ten in the cast, but only five who took leading parts. Perhaps the leading character was that of Nora Helmer as presented by Miss Jeanette Powell, who left nothing undone in the way of voice or acting to bring out the interpretation of the society girl who finds that life is not all sunshine and flowers. Miss Letta Irwin was at home in her part. Especial mention should be made of Mary Ebert, Jeanette Taylor and Mona Summers, who took the characters of men. The girls inaugurated something new at the college when they appeared in men's suits complete and they are to be complimented upon their clever makeup and the delineation of their parts.

The scene of the play is laid in Norway and there was only one stage sitting, representing the styles of that country and the production was in three acts. The whole play is rather on the sombre order and there were not so many places where the occasion demanded great mirth. The audience followed the presentation closely and soon realized the story was one that demanded close study in order to grasp its true significance. The following was the cast of characters:

Troyd Helmer ..... Mary Ebert  
Norma Helmer ..... Jeanette Powell  
Doctor Rank ..... Jeanette Taylor  
Nils Krogstad ..... Mona Summers  
Mrs. Linden ..... Letta Irwin  
Anna ..... Lina Berryman  
Ellen ..... Adelaide Wright  
Ivar ..... Alice Carter  
Emmy ..... Marian DePew  
Bob ..... Russell Swarthout

### PHIS CHALLENGE SIGS TO DEBATE

Effort Will be Made to Have Joint Debate Between Illinois College Societies Not Later Than April 21.

The two literary societies of Illinois college—Phi Alpha and Sigma Pi—have been negotiating for several weeks looking toward an annual joint debate. Thus far no definite arrangements have been made and in an effort to conclude the matter at once Phi Alpha society has issued a direct challenge to Sigma Pi. A committee from Phi Alpha held a meeting Monday night and formulated the following challenge, which will be presented to Sigma Pi today:

We, the undersigned, president and secretary of Phi Alpha society, acting for our society, do hereby state that we believe that the custom of holding a joint debate between Sigma Pi and Phi Alpha is beneficial not only to the members of the societies but to Illinois college as well.

We desire that this custom shall be maintained and wish to go on record as being in favor of an annual joint debate. In view of the fact that there have been much hesitation and delay in the negotiations this year, and knowing that the alumni, faculty and trustees of Illinois college are desirous that the debate be held, and in order that the public may know that Phi Alpha stands in favor of an annual joint debate, we do hereby challenge Sigma Pi society to meet us in such contest on or before April 21, 1912.

We think it best that final arrangements be concluded by March 29, 1912.

Ernest Stewhery, a miner at Litchfield, had no confidence in banks so hid his savings, \$82, in his dinner pail, whence they were abstracted, and a fellow workman, Carl Klefner, is in jail charged with the theft.

Earle Vancil of Virden, supposed for many years to be dead, recently turned up in St. Louis, called on an uncle and said he was married and prosperous.

A new edifice has recently been dedicated by the Presbyterian people of Virden. The building is worth \$25,000. Rev. W. L. Tarbet was the first pastor of the church many years ago.

A short time since Dr. N. M. Otis of Fairbury employed a rather young woman, calling herself Miss Johnson, as housekeeper and for a time Mrs. Otis thought she had indeed a treasure, but not long after the family returned late from a gathering and next morning the newly found domestic had flown, taking with her a lot of clothes and valuables. A day or two after a part of the plunder was returned by express from Peoria which caused the doctor to hasten to that place and investigate and he discovered that the supposed "Miss Johnson" was a married woman living in a luxurious home with a nine months old baby whom she had left in care of a servant. The doctor concluded not to prosecute.

A night or two since a passenger train was entering the station at Beardstown the engine, mail, baggage and smoker went over a switch and right as did the forward trucks of the chair car but the hind wheels of that as well as those of the Pullman and other cars went on to the parallel tracks, knocking down a water crane. Fortunately the train was going slowly and the train men seeing something was wrong, pulled the bell cord and the train was stopped before any serious damage resulted.

## THE PRESIDENT'S ECONOMY RECORD

Taft insists That Government Be  
Run on Sound Business Basis.

### HIS PROGRESSIVE POLICY.

His Personal Efforts to Reduce Cost of  
Efficient Service Bring Results—Business Methods Applied—Economy and Efficiency Commission Fought by Democrats.

President Taft more than any of his predecessors in the White House has given strict attention to placing the government upon a business basis as regards its receipts and expenditures. Economy and efficiency became one of the cardinal policies of his administration as soon as he entered upon the presidency, and it was well for the country that this was so, for his administration inherited a deficit in the treasury of \$58,000,000, which has now been transformed into a surplus of \$30,000,000. The average citizen and taxpayer will be interested in this fact, because the problem which confronted the president at the outset, although upon a gigantic scale, was similar to that of the ordinary shopkeeper or business man, farmer or wage earner or even housewife who is called upon to make "both ends meet" either in business or in the home.

By law the secretary of the treasury is called upon every year to submit to congress in December the "estimates" of governmental expenditures for the next fiscal year, beginning the following July 1. As congress has to provide the money to run the government, the money has to be appropriated for specific purposes before it can be expended, and if this were not done before the beginning of the fiscal year the machinery of government would stop unless emergency provision could be made.

### How Estimates Are Made.

The "estimates" are prepared by the executive departments of which each member of the cabinet is a head. The cabinet officers get the "estimates" in their respective departments from their chiefs of bureau and then combine them as the "estimates" for the department. These "estimates" from all departments are sent to the secretary of the treasury to be submitted to congress, and they then become the "estimates" for the cost of running the entire government during the next fiscal year. Upon these figures congress makes the greater part of its appropriations, amounting to more than \$1,000,000,000 annually.

Until 1908 a more or less lax method of making estimates for the annual appropriations obtained throughout the government. The figures sent to congress each year, instead of showing indications of a careful "pruning" all along the line, showed there was a disposition among the departments to vie with each other in getting as large appropriations as possible without considering whether or not the money demanded could be advantageously expended during the coming year. There was no standardization of supplies, and the various departments were paying varying prices for the same article.

### What President Taft Did.

As soon as President Taft took office this system ceased. At the outset President Taft impressed upon his cabinet officials the absolute necessity of economy and efficiency in their departments. He admonished them that not a dollar beyond what was necessary to run the government efficiently in their departments, including a fair margin for progress, which is a part of efficiency in the program of President Taft, should be asked of congress. The effect was immediate. Every department began work at once to investigate its own expenditures and to devise ways and means of curtailing extravagances. The result was that congress received the lowest estimates it had seen in years. This was followed by a reduction in appropriations to correspond, always allowing for the natural growth of the government's activities, which represented a net saving to the taxpayers of the country.

President Taft was not, however, satisfied that all had been done that could be done. He realized that the departments of the government, like individuals, are naturally prone to be proud of their own achievements and by reason of their familiarity with their own endeavors often insisted that their work was more important than the work of the other departments, relatively speaking. In order to correct that evil he asked congress to give him \$100,000 for a commission of disinterested experts to investigate and report on the business of the government, with a view to further economy and efficiency. This came into official being the commission of that name.

This commission, among other duties, was directed to prepare the receipts and expenditures of the government on a "budget" basis, which is the system followed by practically all the leading nations of the world except the United States. Under this system it is possible for the humblest citizen to analyze the finances of the government at any time and to lay his finger upon the responsible political party in the event of extravagance or of stinginess. The system under which appropriations for the government of the United

States have been made has even enabled the experts in their endeavors to unravel the tangled skein of expenditures, so that it is a fair statement to say that no citizen of this country up to the present time has ever thoroughly understood where his taxes were expended.

### The President's Position.

At the present time the Democratic house of representatives is endeavoring to end the usefulness of the economy and efficiency commission by cutting off its appropriations. In a recent appeal to congress for funds to continue the great work it has begun, which all thinking men and women will approve, President Taft pointed out that the people of the country as a whole are interested chiefly in the following governmental objects: The national defense, the protection of persons and property, the promotion of friendly relations and the protection of American interests abroad, the regulation of commerce and industry, the promotion of agriculture, fisheries, forestry and mining, the promotion of manufacturing, commerce and banking, the promotion of transportation and communication, the postal service, including postal savings banks and parcels post; the care and utilization of the public domain, the promotion of education, art and science and recreation; the promotion of public health and the care and education of the Indians and other wards of the nation. There are many other public questions, of course, but these are the vital and comprehensive ones, and the "budget" is proposed for the purpose of giving information as to the needs of these matters. The president, in order that his policy of economy and efficiency may be concluded and become one of the greatest achievements of his administration—that of placing the government on a business basis—wants congress to appropriate \$250,000 more for the support of the commission now doing that work.

The economy and efficiency commission has already saved to the taxpayers of the country more than \$3,000,000 annually by its suggestions and by the time it has completed its work it is believed ten times this sum can be saved annually to the taxpayers. In the matter of railroad fare for government officials alone it has found that \$12,000,000 was expended in a single year at the highest prevailing railroad rates. At least a fourth of this can be saved by the application of business methods, such as President Taft has applied and has insisted shall be applied to all the departments of the government.

In many cases public disaster. Such interruptions become, therefore, quite as much a matter of public concern as restraint of trade or monopoly.

Industrial relations concern the public for a double reason. We are directly interested in the maintenance of peaceful and stable industrial conditions for the sake of our own comfort and well being, but society is equally interested in its sovereign civic capacity in seeing that our institutions are effectively maintaining justice and fair dealing between any classes of citizens whose economic interests may seem to clash. Railway strikes on such a scale as has recently been witnessed in France and in England, a strike of coal mine workers such as we have more than once witnessed in this country and such a wholesale relinquishing of a public service as that of the street cleaners recently in New York illustrate the serious danger to public well being and the inadequacy of the existing social machinery either to prevent such occurrences or to adjust them on any equitable and permanent basis after they have arisen.

In spite of the frequency with which we are exposed to these dangers and in spite of the absence of provision for dealing with them we continue to assume with easy going confidence that in each new case somehow or other the parties to the dispute will find some solution which will be agreeable to themselves and consistent with the public interest. We all see the grave objections to strikes and lockouts, however necessary they may be in extreme cases, and we are ready to criticize the more extreme phases of the industrial conflict, such as boycotts and blacklists, but we leave the situation such that industrial disputes lead inevitably to a state of industrial war in which these are the only weapons left to the two combatants. No more clumsy or expensive method of determining the rate of wages and the hours and conditions of labor could well be devised. The successful operation of the Erdman act as between interstate railroads and their employees shows how much good can be done by proper legislation.

At the moment when the discomforts and dangers incident to industrial strife are actually felt by the public there is usually an outcry for the establishment of some tribunal for the immediate settlement of the dispute.

### The Ruling Spirit.

Sitting at a cafe in Paris one evening I heard a woman's idea of war. An affectionate young couple were audaciously making love over some beautiful chocolate. The girl was telling her lover all manner of pretty things that ran something like this: "What a pity there will be no war after all. You would have been wounded, and I should have gone out to nurse you in such a pretty costume of 'indivisible'—Lazdoui Black and White."

### Richter's Criticism.

On one occasion Hans Richter was present at a concert given by a brother composer at which the latter performed a long and not particularly interesting work of his own. When the composition came to an end Richter expressed his criticism in a very few words. "Well," he said, "I, too, had written compositions to make a pile so high, raising his hand three feet from the ground, that I had burned them."

## Grain Letter.

Chicago, March 25. When delivery was a feature, a demand from shorts advanced prices, but the character of July selling restricted in an earlier close. Weather conditions are thought to be excellent for the new crop. World's shipments were meager influences. The heavy increase on passage amounted to near three and one-half million bushels, is likely to operate against any fall from abroad. The holders of cash and May wheat have shown no disposition to sell recently. Another attempt to advance prices is probable.  
Corn. Offers light. The influence of the May deal in St. Louis is beginning to be strongly felt. Chicago stocks may be drawn on to supply the needs of shorts. Weather conditions are still such as will delay corn planting. Oats were strong. Whether conditions more favorable, but are still unreasonable. There is a small prospect of any out planting being done throughout the major portion of the belt for several weeks to come. The late season will probably lead to a short acreage. The rice start will bring the maturing period into a time of year when the crop is likely to suffer from hot weather. Conditions are now all indicative of a short out crop.  
Provisions. The hog market again showed strength. Eastern shippers have been buying in the local market for their fresh meat trade. Hogs have been freely marketed and supplies must have run down. Spring roads will curtail receipts. No important break in hogs can be expected.
